The Angel

You send me an angel
You want to lead me
To a place you have deiced
Do you know
Where I want to go
No no no no no no

You want me to build
These things for you
And through these things
You want to give me your commands
Do you know what I want to do
No no no no no no

Guess it's easy to rule when you got all the power
Guess it's easy to be cool when you own the show
Maybe so that's the road to go
Maybe so I follow the flow
I follow the flow

When you touch all these strings
When you are the spider
When you are the king
But do you know where I want to go
Do you even care about my fear
No no no no no no

So how come you want me to believe
So how come you want me to pray
To pray for the survival
To be you're guardian
No no no no no no

Guess it's easy to rule when you got all the power
Guess it's easy to be cool when you own the show
Maybe so that's the road to go
Maybe so I follow the flow
I follow the flow
I follow the flow
