The Mind

Started to walk walking inside the dessert of my mind
Searching for some trust searching for confidence

So what do you want
What do I have to prove
Finding water finding bread
To survive in the dessert
In the dessert of my mind

The dessert of my mind
The dessert of my mind
The dessert of my mind

Searching for believe believe in that good will
Believe in providing in the good outcome

So what do you want
What do I have to prove
Finding water finding bread
To survive in the dessert
In the dessert of my mind

The dessert of my mind
The dessert of my mind
The dessert of my mind
