Stop 4/4 160 BPM

Stop begging for mercy
Stop begging for love
No time for rehearsal
We are on the line so glow
So don’t hesitate now
There’s no other chance
Leave your doubts and conclusion
Follow me through this dance

Stay with the resistance
Stay close to your believe
No puppets in this vision
were all going to receive
The purple hearted flavor
The red Indians wings
Green water from heaven
And a yellow spear that stings

Were in the position
We are now in command
To grow with this mission
Just show us were you stand

Were in the position
We are now in command
To grow with this mission
Just show us were you stand
Follow me through this dance
